

To,

The Member Secretary,
Mizoram Pollution Control Board.

Subject: Report on workshop under EEP, 2022-23.

Govt. Saitual College organised a programme of '**Workshop on 3Rs on waste plastic**' on 14th of March 2023 at the institution's auditorium. The programme was divided in to two session, first session was theory session and second session was practical session. Mr. R. Lalruatkima, Associate Professor and HoD, Deptt. Of Geograph and chairman of the committee of the institution of *Enforcement squad to eliminate single use plastic*.

Keynote addresss was delivered by Mr. R.L. Zidinga, DUDO, UD&PA Saitual. Lectures were delivered by the two resource person – Mr. Lalruatthanga, an experienced personnel and volunteered worker in plastic waste re-used, and Mr. J. Lalfakzuala, Asst. Professor, Deptt. Of Economics, Govt. Saitual College. Practical session was guided by the two resource persons.

At the keynote addresss, Mr. R.L. Zidinga highlighted the importance of the programme, the potential negative impacts of plastic waste for the environment, how the department used to take an action against the plastic waste and requested every individual of the student to lay hands in tackling the plastic problems. Different kinds of plastics, the harmful effects of plastic, how to reduce plastic and single use plastic waste, and the responsibility of each and every individual were studied in the theory session. At the practical session, a practical work on how the plastic waste like bolltles, containers, chairs, etc. can be turned in to an useful household materials like plastic broom and plastic tile.

Plastic bottles were turned in to plastic strip and then made a plastic broom. Wastes plastic chairs and wastes plastic containers were broke in to pieces, put it in to the oven and then turned it in to a plastic tiles.

It is felt that the programme was quite succesful since the students were able to see the process of how the wastes were turned in to an useful materials. The institution was quite happy about the programme to see the attention and attraction of the students, and the local people were amazed to see the result of the outcome from the waste plastic.

Some images of the programme were attached in the letter.

I rin tlak,

(J. LALFAKZUALA)
