WITNESS OF INDIA SEMI-CONDUCTOR MISSION LIVE
STREAMING PROGRAMME ON 13TH MARCH, 2024 (WEDNESDAY)

The Institution has participated in witnessing the live streaming programme of India Semi-conductor mission on the 13th March 2024 @ 10:30 AM on the occasion of **India's Techade: Chips for Viksit Bharat and the Laying of Foundation Stone of Three Semiconductor facilities**, through Youtube channel of Hon'ble Prime Minister (@NarendraModi) under the initiative of Teaching – Learning and Evaluation Cell of the college IQAC.

On this auspicious occasion, the Hon'ble Prime Minister addressed the Youth across the nation. Prior to the commencement of the programme, Mr. VLK Dawngkima, Assistant Professor, Dept. of Geography gave a brief introduction about the history, aims and objectives of the *India Semi-conductor Mission (ISM)* to the gathering students.

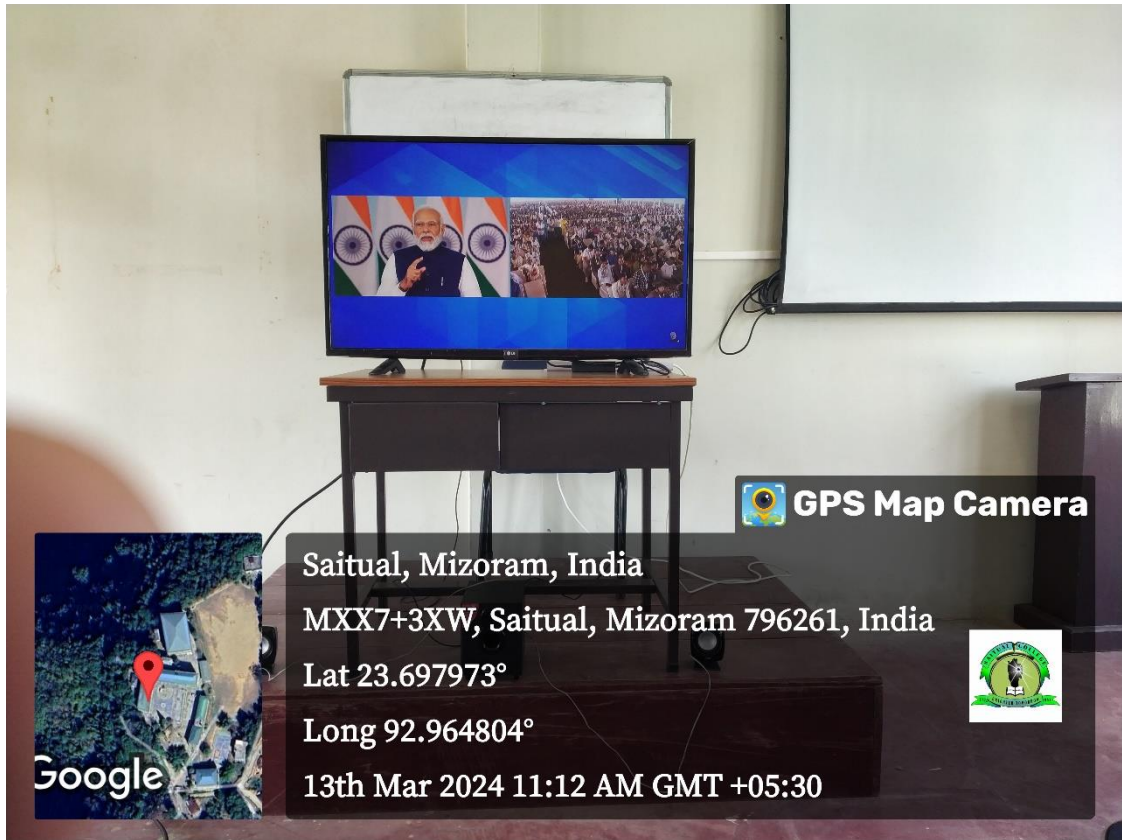

The hon'ble Prime Minister in his speech has highlighted the country's development especially in the realm of technology. In fact, technology in India has not only advance, it has become very strong. Revenue generated from it had increased. It also opened more scope for employment opportunity. These achievements are possible only due to the initiative and importance given by the government in this dimension. Few examples in this realm are that the country has now stood in the 3rd place in the world with regards to eco-system semiconductor manufacturing plants, India has now manufactured Mobile Phone, etc. Moreover, with regards to North East India, the government has taken a step to develop her like the rest of the country. The government has planned to collaborate with the South East Asian region to spur technological development.

The honourable Prime Minister's addressed to the Youth across the country on the occasion of the Laying of Foundation Stone of Three Semiconductor facilities is a memorable experience as well as an enlightening and informative event for the participants.

Dear Colleagues,

As you are aware that India Semiconductor Mission was setup by the Government of India to create an end-to-end semiconductor ecosystem to enable the nation to become a significant player in the global semiconductor industry.

2. Alligning with India's Semi-Conductor Mission and to strengthen the semi-conductor facilities in India, Hon'ble Prime Minister Shri Narendra Modi will lay the foundation stone of three Semi-conductor facilities i.e. India's First Fab Facility in Dholera, Gujarat, OSAT facility in Sanand, Gujarat and OSAT facility in Morigaon, Assam on 13th March 2024.

3. You are requested to ask all the Universities / Higher Education Institutes in your state for participation of all students, especially of STEM and technical discipline, to witness the live streaming of the programme at 10.30 am on 13th March 2024 through Youtube channel of Hon'ble Prime Minister. (@NarendraModi)

4. Universities and HEIs may be advised to prepare their own programme focused on India Semiconductor Mission and India's Techade and the different opportunities that this will provide be it in AI, Semi Conductor, manufacturing, design etc.. They may start their programme at 9.30 A.M. and follow the live broadcast of the programme scheduled between 10:30 A.M. to 11.30 AM on 13th March, 2024 and thereafter continue with their scheduled programme.

5. Looking forward to the active participation of your institutions and students on this very important occasion.

With regards,

Yours sincerely,

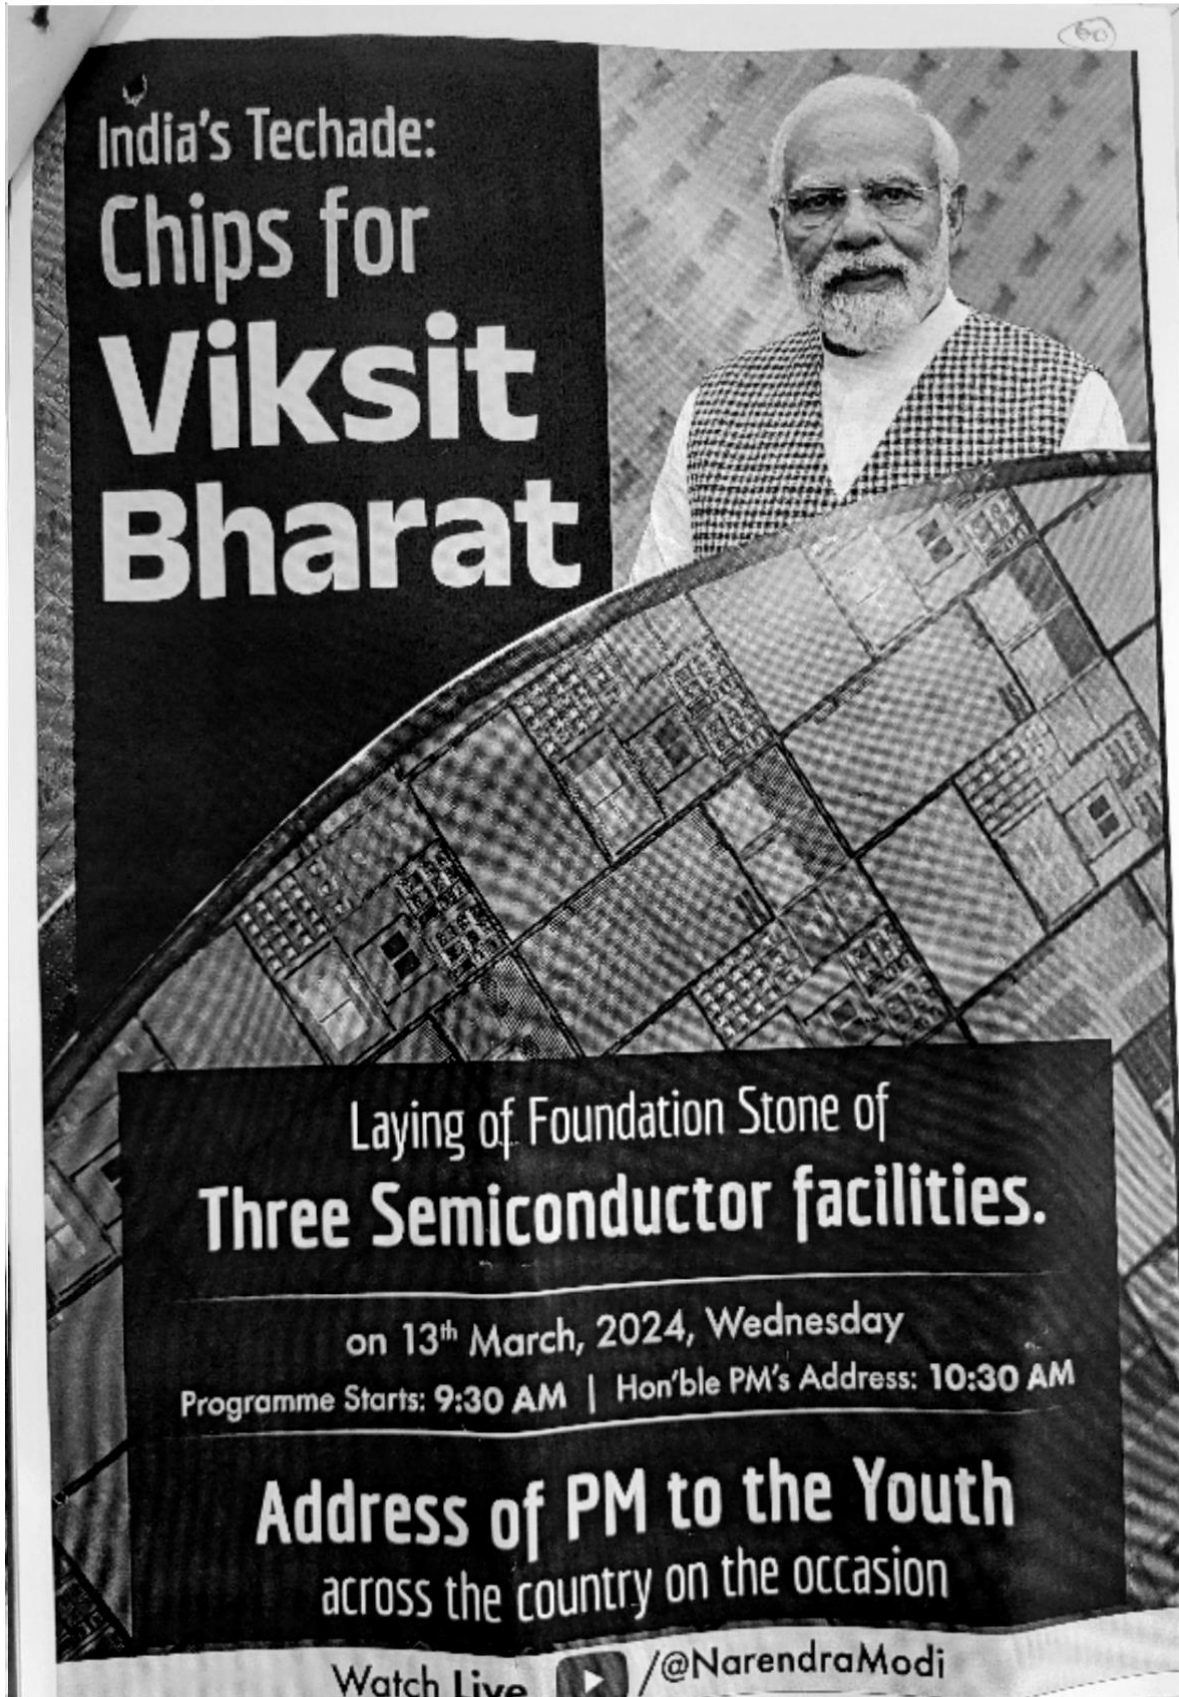

(K. Sanjay Murthy)
